### **The Sidewinder Bag:**

Junk Yard Dog Industries has worked with a popular fire/rescue bag maker to create a bag for the Sidewinder that has the following high quality features:

- Water resistant, red, 22oz. vinyl coated, nylon material
- Tuff Bottom sewn on for strength
- Tuff Bottom helps maintain the bag shape and stack-ability
- Stitching for Tuff Bottom is only around the top edge
- Tuff Bottom eliminates wicking of fluids into the bag material
- Two non corrosive plastic zipper lid closures
- Two carrying handles joined with a snap
- Adjustable shoulder strap with comfort pad
- Removable shoulder strap connected to the bag with D-rings
- All carrying straps loop under the bag and above the Tuff Bottom
- Straps are doubled to the height of the bag to help maintain its box shape
- Speedy wrench pocket sewn in and held with a snap
- Hook and loop backed by nylon straps hold the extra head
- Reflective stripe sewn around the entire bag
- Beaded top flap with Silk Screened Logo
- Phone number and web site included
- Room for extra items as needed
- Some rechargeable impact wrench will fit in with the Sidewinder

The Sidewinder bag can be purchased separately.

This bag can be carried or dragged on its Tuff Bottom.

This bag is designed and made so well you'll want to use it for other projects.

pkg 7/15/10
