

CLEAT BASE

Optional Equipment for SideWinder & Struts

Junkyard Dog Industries has developed an optional base for use with the SideWinder and Rescue Struts. Features are:

- Designed for off-road or slippery conditions
- Stainless Steel metal constructed with welded inner guide
- Fits all SideWinder, XTEND and ZSTRUT bases
- 14" x 7" dimension doubles footprint of SideWinder base
- Strut base able to slide in guides for proper tensioning
- Bottom displays stamped cleats for use on ice or slippery roads
- Powder coated red for durability and visibility
- Carry bag available

Cleat Base will be sold as an optional item.
Part #JYD-CLBS
